# **HOW WE BUILD DATAKLUIS**

## **ON SUCH A TIGHT SCHEDULE**

# **SOME DEFINITIONS**

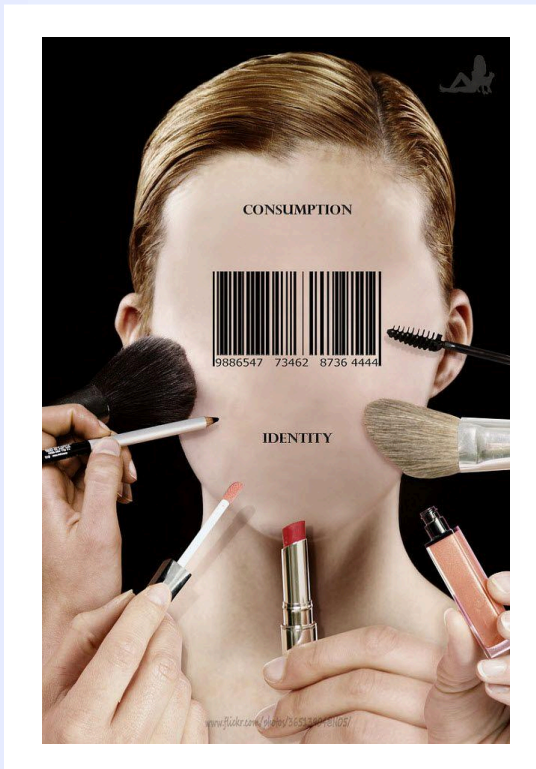

# DEFINITION OF 'PRODUCT'

***“ IF YOU ARE NOT PAYING FOR IT,  
YOU’RE NOT THE CUSTOMER  
YOU’RE THE PRODUCT BEING SOLD.”***

Andrew Lewis

# People become products and they feel it

EU citizens themselves feel out of control

**89%**

want more control over their personal data <sup>1</sup>

**57%**

is concerned about online tracking <sup>1</sup>

**89%**

feels unpleasant about being tracked online <sup>2</sup>

yet we keep sharing ...

**61%**

always/often accepts cookies <sup>2</sup>

**168**

average amount of online accounts (& passwords) per individual <sup>3</sup>

<sup>1</sup> DDMA Privacy Monitor 2021 <sup>2</sup> Jouw•id pilot surveys dec 2024 <sup>3</sup> [NordPass Password Usage Statistics April 2024](#)

# Cookie walls harm the user journey and economy

EU citizens spend too much time on cookie walls

**5-10**  
seconds

EU citizens spend per visit on managing cookie walls

**60%**  
of users

feel irritated by pop-ups

**70%**  
of users

prefer a one-time consent system

which has huge economic impact...

**4.6**  
billion hours  
wasted annually

**2.3**  
million  
full-time jobs

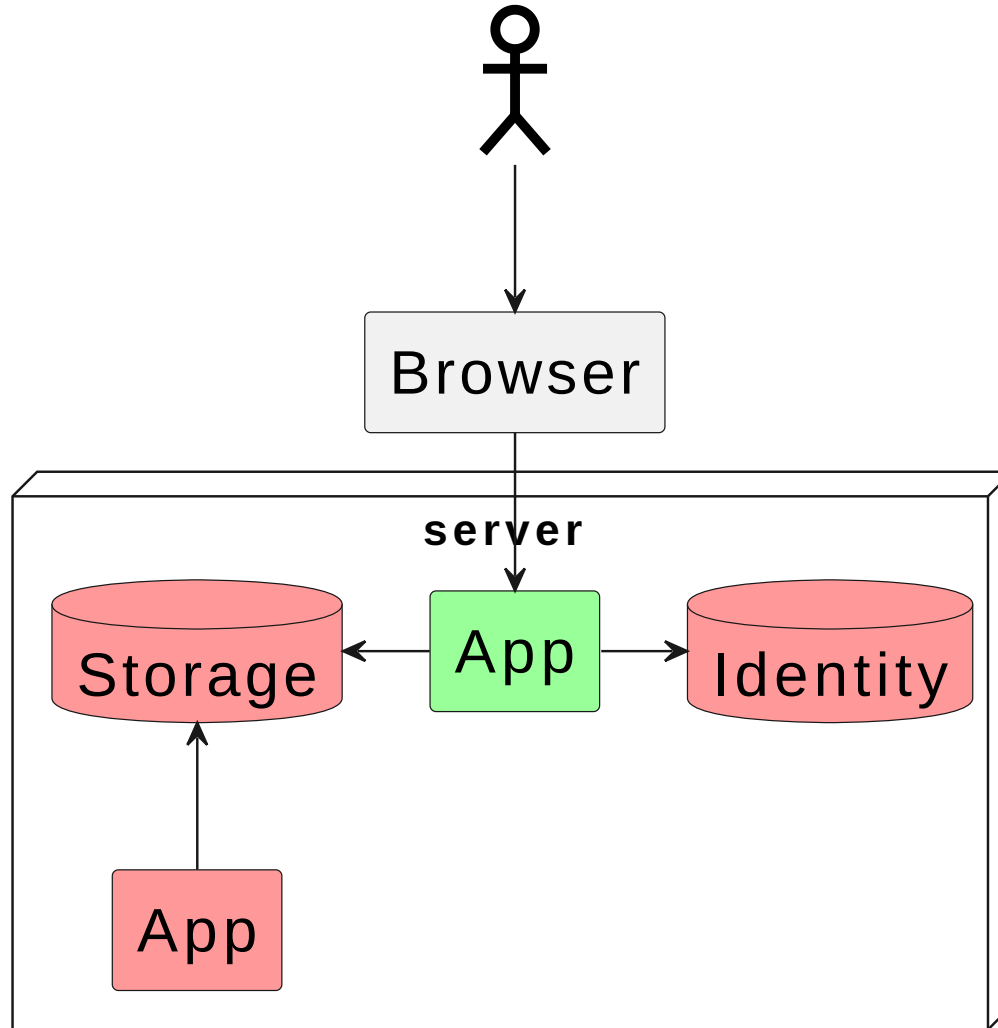

**€2**  
billion  
per year

# Dutch Data Platform for the Media Sector – Architecture v1.0

## (concept architecture)

# Datakluis

```
graph TD; DKL[Datakluis] --- D1[Data Attestation Service]; DKL --- D2[Data Catalogues]; DKL --- D3[Data Collaboration Platform (DCP)]; DKL --- D4[Single Sign-On (SSO)]; DKL --- D5[Identity Provider (IDP)]; DKL --- D6[Personal information management apps (PIM)]; DKL --- D7[Storage Provider]; DKL --- D8[Third Party Sites]; DKL --- D9[Use Case Apps (Client-Side Apps)]; DKL --- D10[User Pod]; DKL --- D11[Web Component];
```

The diagram illustrates the Datakluis ecosystem. At the top is the 'Datakluis' header. Below it, a central vertical line connects to two columns of components. The left column contains: 'Data Attestation Service', 'Data Collaboration Platform (DCP)', 'Identity Provider (IDP)', 'Storage Provider', and 'Use Case Apps (Client-Side Apps)'. The right column contains: 'Data Catalogues', 'Single Sign-On (SSO)', 'Personal information management apps (PIM)', 'Third Party Sites', 'User Pod', and 'Web Component'.
